The RT® Series Explosion Proof Roof Top A/C units are engineered and manufactured to provide superior performance in extreme and hazardous conditions. With capacities of 13,500 and 15,000 Btu/hr, these units are ideal for roof mounted applications like crane cabins, guard shacks, and other small buildings in hazardous environments. The RT® series units comply with the NEC / NFPA 70 Articles 500-515 and are Third Party Certified by Intertek. Our units undergo rigorous testing and extensive quality control certifications to ensure 100% reliability for our clients.
